AN ENIGMA..

The appearance of a mysterious object in the school last weekend has encouraged the children to speculate, to talk and to write over the past week!

The mystery of the object's identity and purpose remains unresolved. Newspapers and outside agencies were informed. Governors visited. Reports were written.

The police have established that there is no cause for alarm.

The quality of the children's response to the mystery has been of a very high standard. While it is frustrating that we have no definite answers about the matter we can all be thankful that the children have suggested many imaginative and wonderful explanations as a result of this extraordinary visit.
