

How to be a Good Steward of our Lovely World!

By Phoebe

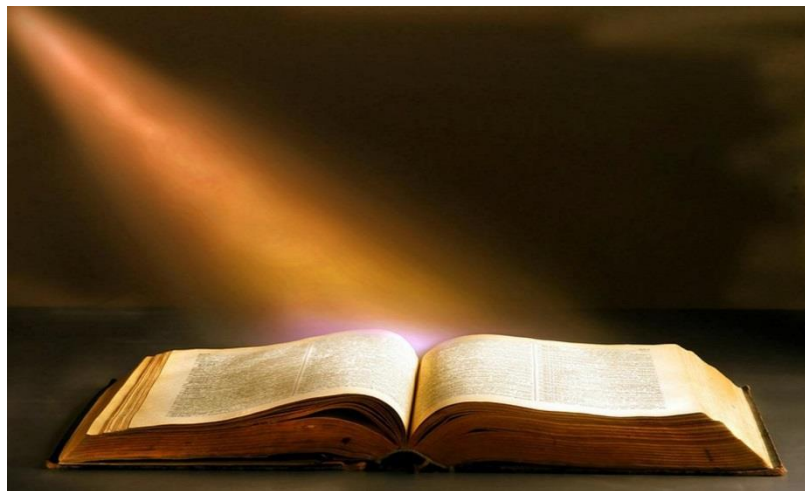

Genesis 2

- ❖ Genesis 2 is a creation story, it was written 1000s years before Jesus was born.
- ❖ It is in the Old Testament, the beginning of the Bible.
- ❖ In the story Yahweh (God) created the earth. He made an Earth dweller, human, named Iysh. Iysh named all of the animals and plants. Yahweh thought that Iysh was lonely and needed a friend ,he made Iysha.
- ❖ Then Iysh and Iysha had become partners.

What Genesis 2 teaches us about the world?

- ❖ God didn't want this world to be ruined by people not taking care of it.
- ❖ In Genesis 2 God said we should "Till and keep the Earth."
- ❖ This means we have to take care of the world or the animals will not get any food.
- ❖ We are the people who live on this world now and we want to keep it clean for the future.
- ❖ We don't want to live in a horrible and disgusting world.
- ❖ God worked so hard to make the world and He doesn't want us to treat it like it is a pile of rubbish.
- ❖ Genesis 2 teaches us that we need to take care of our Earth.

Laudato Si

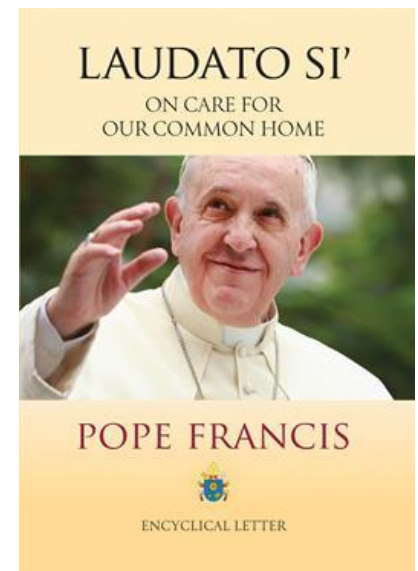

- ❖ Laudato Si is a letter by Pope Francis
- ❖ The letter talks about how we should take care of the world.
- ❖ The letter came out in May 2015.
- ❖ Laudato Si means 'praised be'.
- ❖ Pope Francis wrote this letter to make people understand that we are stewards of the Earth.
- ❖ We can't let the world be horrible, we have to stop doing bad things to destroy the Earth.
- ❖ We have to tell and help people to understand that we have to look after the World because God asked us to in Genesis 2.
- ❖ This is our home and we live in this world.
- ❖ We live on Earth which is Gods creation and we need to ensure that we take care of His creation so that others can enjoy the greatness that God created.
- ❖ Pope Francis called the Earth the mother and we can't ruin the mother.
- ❖ Pope Francis got inspiration from Saint Francis.

What Laudato Si teach us about the World?

- ❖ Laudato Si teaches us that we have to thank God for making the world that we live on today because we can't treat the world like a dump.
- ❖ It teaches us that we are stewards of the Earth.
- ❖ Pope Francis wanted to be like St Francis because St Francis loved to look after the animals and take care of the nature and the world.
- ❖ The Pope calls the world Mother and Sister but we are not taking care of the mother and sister.
- ❖ We are destroying the mother and sister.
- ❖ God will get sad if we don't take care and look after the world.

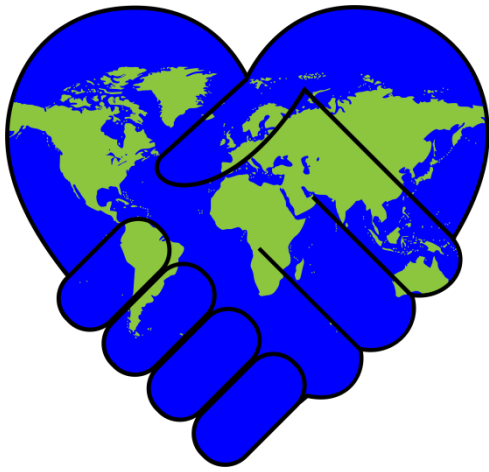

Who lives a steward life in my family?

- ❖ My mum lives like the Genesis 2 and Laudato Si because she doesn't litter.
- ❖ My family do not like to see people waste water or they do not waste water themselves.
- ❖ My family does not like to see people waste water because other countries can not afford water and that could be going to them but we are just wasting it.
- ❖ My nan and granddad likes to garden and look after the plants.

How I could set an example?

- ❖ I could set an example to the little ones by teaching them and telling them how
- ❖ to be stewards of the Earth.
- ❖ Me and my friends who are the oldest children in the school can teach others.
- ❖ I could help my family if they need help to clean up if they need to because we
- ❖ want the Earth to be a better place.
- ❖ I would do all of these things because I care for the Earth and want it to be
- ❖ beautiful.

Thank
YOU!
